Special Thanks to the wonderful players on the sessions;
Jake, for grounding everything, and making yourself
available. Dan for the extra time spent locating a piano,
and your wonderful playing, of course. All the tipsters,
especially Sue Shepherd, Cathy Derksen, Ray Folk, Linda
Dann. Will Fournier & Eva MacNeil.

To the beautiful girls in my life, Adreana, Rachel, & Sarah.

In this, the age of pod-posture, some feel (with some
justification), that today's music is a fast food, to be
consumed in haste, and forgotten just as quickly. If that's
the case, what a shame, cuz this one's been in the oven
for a while. Hope you can afford the time to savor it.
Go on now, put that phone away.
